

Come aboard!

We're seeking interesting investment opportunities for project developments or existing properties.
Does anything spring to mind?
If so, let's pull on the oars together!

Acquisition profile

POTENTIAL LOCATIONS:

- Hamburg and the Hamburg metropolitan region
- Berlin, Bremen and Hannover
- Urban and suburban sites with good infrastructure
- Locations and sites with development potential

TYPES OF USE:

- Apartment buildings, residential and commercial properties (value-added)
- Residential complexes (value-added)
- Industrial real estate (value-added, opportunistic)
- Development land and sites with old stock, with and without building approval
- No partial ownership or buildings under preservation orders
- No pre-designed plots or plots with planning permission

You're definitely in safe hands with us.

Why? Because our relationship with you is more than just an economic arrangement – to us, it is also personal.
